be all right.

working it.

our county.

good.

Hav is very good.

Wool is at a better price than for years.

Timber is in good demand and at good prices. The business prospects are good.

Fairment. Wheat is in excellent condition, but if the heavy rains continue it will no doubt in-jure it some. Grass also is excellent in this

county. Corn is not doing well. It has been too wet. Unless there is a change in

the weather soon there will not be an average crop. Wheat, oats and grass will be considerably above the average.

The business outlook is not extra. We

New Martinsville.

Addison.

Wheat was never in better condition in

this section. Oats fine. Corn very back-ward, but it has a good stand. The heavy

continuous rains up to this date have been very injurious to wheat and corn.

In this country business depends on the condition of the roads. Instead of drying

up, as usual at this time, they are as bad as at any time last winter. They have had a

There is a good stand of corn and about

the usual average of oats. Wheat is above the average crop and looking well and more

Parkersburg.

The continued rain this season, while it

has been detrimental to some crops, has been

favorable to others, and as yet there is no serious damage to be noted on account of wet weather. Hay will be an exceptionally good crop. Wheat looks very promising, and if we do not have too much rain before

harvest to cause rust, the prospects are for a good average crop. Corn has been retarded by the wet and is not as far advanced as it

should be at this season, but good growing weather will bring it on all right and insure

at least an average yield.

The heavy and continued rains we have

experienced, have proven beneficial in most

sections of the State in bringing out timber

from the small mountain streams, some of

which has been lying there for years. Most of the country merchants in this State are interested directly or indirectly in the lum-

ber business, and the getting out of this tim-

ber will put in circulation considerable

money. The general tone of business is

hopeful, and while merchants and manufact urers do not look for any decided "boom,

they anticipate a legitimate and satisfactory

THE UNITED STATES ATTORNEYSHIP.

trade.

bad effect on business, of course.

CROPS AND BUSINESS.

The Prospect Ahead for Both in This Section of the Country.

MORE THAN AN AVERAGE YIELD

Is Expected, Although the Wet Weather Has Retarded Corn.

BUSINESS OUTLOOK GENERALLY FAIR.

From present indications the crops of Western Pennsylvania, Eastern Ohio and West Virginia will be above the average. In some sections wet weather and similar causes have operated to the disadvantage of certain staples, but in few cases does this reach any disastrous extent, and in many localities the harvest promises to be unusual

in its abundance. In a general sense the business outlook is very fair. The disaster in the Conemaugh Valley of course completely prostrated trade in that section, which can, therefore, hardly be considered in the estimate. Uncertainty in some lines has had a depressing effect, but the outlook for the future is considered to be bright in almost all quarters. Building operations, in particular, are active, and this is taken as a sure indication that a confident feeling prevails.

Through the courtesy of Arthur B. Wigley, manager of the Pittsburg Mercantile Agency of R. G. Dun & Co., the reports from the various points in this region are

PENNSYLVANIA. Councilsville.

The corn crop has been injured by con tinued wet weather. Weeds are generally above the corn, which is not growing. Wheat and cats promise to yield unusual crops if they get a few days' sun to fill out the heads. Potatoes promise well.

Business all depends on coke and coal,

and consequently is dull, with not much outlook for immediate improvement. Indiana. Wheat looks well. Corn is not doing much good. The floods have kept the corn

back, and it is vellow in color and small in the stock. Rye looks well. We never had better prospects for a good wheat and rye harvest. Oats and grass are coming along nicely and promise the usual yield.

The business outlook is not very good. The floods in the Conemaugh have been felt by the people of our county, and not until late in the season can business be expected

Washington. The condition of crops is good. It looks as though those would be better than the aver-

age yield in almost all features.

The business outlook is also good. Should the wool crop go off early things generally will be in a prosperous condition. Some pression, but in case wool sells well it will relieve the strain somewhat.

West Brownsville.

Corn not doing as well as it should, but will be an average crop. Wheat and oats are in excellent condition and will be above the average. Hay will be a good crop. Apples, peaches and plums will be an average crop. Berries of all kinds are in abundance or prospects look that way. Potatoes look very fine and will be above the aver-

The business outlook is very poor. There

Cannonsburg.

The outlook for wheat, grass and oats is splendid, and the prospect for abundant crops in all the above is very flattering. The continual cool, wet weather the past two or three weeks has kept the corn back. Corn is small for this season of the year, but it seems to be well rooted, and warm nights and days for the next few weeks will make it come out all right. The prospect for the average amount of fruit is good.

The business outlook is good. Quite an amount of money is being expended in build-ing, and the outlook is encouraging. If the farmers could dispose of their wool at fair figures it would tend to make business better. No sales of wool reported.

Zelienople.

Prospects for a full crop of every kind of grain are unusually bright. Grass will be heavy. The wet, cool weather has prevented the bugs from harming the potatoes. Apples will be a nuisance, but peaches are not so plenty.

The business outlook is fair, but money is scarce; too much of it has gone into dry holes, the nearest producing well being five

Everything is looking fair for big crops except corn, and so much rain and so little sunshine is turning the corn yellow as gold, and it is not growing. The fruit trees are all loaded and there will be extra large crops of all kinds of fruit. It looks as if there would be an unusual large crop of hay in Beaver county and also a good crop of

The business outlook is as bright as one could hope for, and more new buildings are going up in our cluster of towns than usual.

Saltsburg.

The crop prospect is good, especially wheat. The wet weather, with rather cold rains at times, has kept back the working of corn and potatoes, and spring crops are not in as good condition as they would have been with less rain and more sunshine. Still indications now are we will have a good average crop all through. The peach crop will be light, apples will be a good crop and

Business is very dull. There appears to be only about two-thirds of general trade there was at the same time last year.

The wheat is first class. The corn is poor, and unless it soon recovers it will be light.

Prospects for a fair turn out are good all Business is quiet. If the scale is signed

all will move on nicely. The cold, chilly weather and so much rain has caused busi-

ness to be quiet. Revnoldsville. The condition of crops is very good. The

low grass land along the streams has been washed out and considerably damaged by The business outlook is good; the output of coal in this region is large, with pros-

pects of increase. The lumber trade is good. Some of the lumbermen, especially those along the larger streams, lose largely from heavy ficods washing out their dams.

Mt. Pleasant.

The crops in this section look splendid, except the corn, which is coming along very slow on account of the wet weather. Wheat and grass was never better. Oats look well. too. There has been too much wet weather for farming purposes.

The business outlook in and around is not so bright. All kinds of trade seem rather dull, especially since the Johnstown disaster. The coke business is slow, and therefore affects other trades more or less.

Greensburg. The season thus far has been one of unprecedented rain. Its effect upon the crops is very apparent. Wheat is exceedingly good and well advanced. It will be ripe for harvest much earlier than usual. Corn and

outs are short and as yet sickly, caused by the great amount of cold rain and cool storm which seemed to culmin-The great hnstown calamity, has com-ed all branches of trade in We think this deadness is ate in the

the lake ports, thus practically closing a great industry and throwing 15,000 men out of work.

Wheat, oats, rye and grain are in excel-Wheat, oats, rye and grain are in excelent condition and promise better than average crops. Corn is very backward.

Business seems in a healthy condition.
We are largely dependent upon the oil industry and its influence. The outlook for market prices is better than for past few years, owing to large reduction in stocks.

Clarksburg. Wheat, rye and grass very heavy. Continued rains may injure wheat. Oats looking well and bid fair to be a good crop. Corn very poor for the time of year, but with fair weather may do well.

The business outlook is not promising for an agricultural district. Low prices of grain have made money scarce and collections slow.

Panxsutawney.

Wheat, rye, oats and grass are all in ex-cellent condition. Wheat looks the best ever seen in this county. Corn is backward and weather unfavorable.

The business outlook at present is good.
The mines running strong keep local trade

Wheat is above the average, and with favorable weather through harvest will give a large yield. Corn is backward, owing to cold and wet weather, but has a reasonably good start. Very little replanting was done. The oats crop prospect is only moderate. Meadows are in excellent condition.

There is a good healthy improvement in all kinds of business. Money abundant, which is being invested in permanent im-provements. Work is plenty and few

Condition of crops in general is good. The cold, wet spring has made some crops slow and backward. Of wheat, about an average acreage is in, and a large crop is assured. Oats are fair. The yield will be a little less than the average. Corn has suffered from adverse weather, but there is yet ample time for its full recovery. The

early grass crop is very heavy.

The past has been a successful year with business institutions here, and the only menace to a continuance of prosperity is in possible labor troubles among iron and glass-workers. Remove this one cloud, and the sky will be found brighter than for many

New Brighton. All the crops here are in excellent condi-

Manufacturers are all complaining that orders are very scarce. Brick business has not been so dull for many years. Pottery business moderate.

West Bridgewater.

The grass crop is good. Corn is not so promising yet, though it may improve by a litte dry and warm weather. Oats is firstrate, and potatoes very promising. Other vegetables good. Apples and peaches are The business outlook is fair. Some new

business firms are starting up, and some building being done.

Brockwayville.

The crops generally are not in first class shape for this season of the year. Grass is looking well. Oats are fair and corn very poor. Wheat and potatoes are in fair con-

Business is reasonably good. Money matters are a little tight and collections rather slow. We are just beginning to get straightened up after the late floods. Our lumbermen report an increased demand for lumber at better prices.

complaining of very little money in circulation. Capitalists in this section have plenty of money, but are afraid to make inplenty of money, but are assured a profit. The crops in this vicinity have been some-On the whole the chances for more than an

average crop are good. The Johnstown disaster and consequent destruction of the railroad and entire stoppage of the coal business has made business very flat all over this end of Westmoreland county, which we trust will be temporary. The business outlook is not very encourag-

OHIO. Niles.

All crops are recovering from the effects of the recent cold weather, and give promise of a good yield. The business outlook is good.

Youngstown. Crops here are in good condition. Apples and other fruit in sections have been killed

by frost. The business outlook is fair. The prospect is that the mills will run steady with fair profits and steady orders.

Wellsville. Farm crops are generally in a good condi-

tion. Wheat and hay promise to be the best for several years. Corn and oats have a good start, and fruit prospects are very good for an off year.

The business outlook is good. All our

manufactories are running, with prospects of increased trade, and considerable building is being done.

Wheat is good. It suffered from dry weather last fall, but the weather has been very tavorable. Oats very good. Corn poor and backward, weather being too cold. The spects for hay are very good.

The outlook for business here seems to be good. Collections have been slow during the winter and spring, but are now better. Caldwell.

Wheat is an average crop. Corn is backward, owing to the cool weather throughout the month of May. There will be some fruits, but not an average crop.

The business outlook is fairly good. The

wool crop is going off early at an average of 30 cents per pound, which will stimulate business to some extent.

Dresden Wheat in this county looks fine now since the late rains. The farmers here are in the best of spirits. The corn is coming in fine. Grass looks well and will make a very fair

crop. The business outlook is good and every one is well pleased and all are busy. Wool

is bringing from 30 to 32 cents.

Mineral Ridge. Wheat is looking well. Its yield will be an average. Oats also look well for a large crop. Cold weather has not been very facrop. Cold weather h

The business outlook is very fair for this time of the year. Farmers are beginning shearing their flocks and expect good prices Wheat will be an average crop in qual-

Massillon.

Wheat looks very well and promises a very fair crop. Corn is backward, with plenty of time in which to yet pick up. The outlook for all is now good.

The larger manufacturers and the coal mines are all well employed, and business generally seems to be moving along steadily

The wheat crop is very promising and will be fully up to the average. The corn crop is very backward now, on account of cold weather, but with warm weather will come all right, The business outlook is quite satisfactory.

Trade quite as good as for a number of years past, and seems to be increasing in the different lines.

Salineville.

The crops here, in a general way, never looked better. Business in the various departments of trade might be called fair, with good prospects for the coming season.

nstown calamity, has comed all branches of trade in We think this deadness is and with the rebuilding towns and railways trade to Coal trade along the liver him a very mocertain the final of the Heltimore. Stenbenville.

and Ohio Railroad Company to haul coal to | The iron business seems to be overdone, and as this part of the valley is considerably dependent upon that branch of trade it is seriously affected by it. The glass business is some better, but is not what it should be.

Zanesville. Rather less than average amount of wheat. The condition of upland and sandy crop is good. Corn is from 2 to 10 inches high, color good and prospects fair. Oats good.

Weol is selling for 30 to 32 cents. Last year the same wools brought but 25 to 27 cents per pound. Building in Zanesville is

Corn is backward, caused by cold weather, but looks well and with a favorable fall will be a full crop. Wheat never was better. Oats short on the straw, but will be a fair

The business outlook is not better than last year at this time. Farmers are not selling wool at 30 cents as readily as formerly.

Sclo.

Very good prospects for all crops but oats, which is moderate.

The business outlook for Scio is very good. Farmers complain of low prices for stock and farm products generally; but with the first product of graying crops the outlook. fine prospects of growing crops the outlook

Wheat prospect is good. Corn just getting started, with prospects of a good crop. The business outlook is fair.

Canton. Every indication is favorable to a prom-ising and large crop. Corn is a little slow,

but improving. We have had a successful year in all lines of business. Failures have been small and few, and everything points to great

Cdnnl Fulton. Wheat crop is good, except in low lands. Corn has been poor until the last week, but is looking better. Prospects never were more favorable for good crops. Oats and barley good. Grass good.

The business outlook is now better from the fact that the mines are running steady.

there being a better demand for coal, and no prospects of strikes.

New Philadelphia. Wheat is in an unusually promising con-dition and a full average yield is confidently expected. Corn has a good stand, and

the prospect of an average crop is good.
Oats look remarkably well, with a heavy
growth, and a large yield is expected.
With the largely increased production of
crops, which it is believed will be realized, the merchants here confidently believe that the volume of business this season will be

larger than for several years. Crops of all kinds are in excellent condi-tion, and if they suffer no injury between now and harvest there will be full crops-

rather above the average.

Business prospects are fair for this vicinity. Sewer pipe and fire brick works are running full time.

Guernsey County. Wheat is looking well and will make three-fourths of a crop unless the weevil damages it yet. Oats are doing well. There was a good acreage sowed. The late favorable weather is bringing out all the crops, and will improve the hay crop very much The business outlook is very fair, work having commenced here on the Pittsburg, Cadız and Ohio Railroad, which will be completed to the Cleveland, Lorain and Wheeling Railroad from the Baltimore and

Ohio this fall. Belmont County.

Generally the crop prospects in this coun ty are fair, and the prospects are for a fair average crop in grain, corn, etc., and berries and other small truits will be plentiful. The business outlook is satisfactory, and dealers generally look for a satisfactory con-

WEST VIRGINIA.

Wellsburg. Wheat prospects are quite favorable. Acreage about the same as last year, possibly an increase. Oat prospects favorable for full crop. About same acreage as last year. Corn is short for season of year, but is not too late for a good crop with favorable conditions.

The business outlook is favorable for this

section of country. West Union.

The condition of crops is good. The business outlook is likewise,

Jackson County. Wheat, oats and grass have very good rospects. Wheat threatened with fly. prospects. Corn and potatoes promise poorly, owing to cold rains, which still continue. The business outlook is fair. Everything

seems plenty except money, which is very close and hard to get.

Sistersville. Corn, wheat, oats and hay are looking splendid. The first crop will be a very fair

The business outlook is dull here. We look for close times this summer, as there is but little work for our laboring men to do.

Clarksburg. The outlook is very encouraging, and in-

dicates the best crops of hay, corn, wheat, oats and rye for a number of years past. The business outlook is somewhat more promising than heretofore because of the abundant crops in prospect, and the increase and stir in home enterprises caused by the sister by calling out: "Annie, I am going to die!" She then fell back on the sofa, new railroad in course of construction. and in about an hour she was dead. Cor-oner McDowell will hold an inquest on the

Weston. The corn crop is excellent. Wheat looks well, and fruit is fair.

The business outlook is flattering.

Buckhannen. The season thus far has been quite wet. Grass is rank, and gardens are excellent. It is rather wet for crops—wheat, oats and corn but so far none have been damaged, and a full average may be expected.

Money is close and very scarce, but few heavy debts are being carried; no failures have occurred and none are looked for Money will be plentier when the wool and cattle for the year go to sale.

New Cumberland. Wheat and grass good. Oats fair. Corn

poor on account of too much rain and cold weather. The business outlook is fair, though money seems scarcer and closer than three

months ago. Elizabeth. The crop prospects in this section may be regarded as fair. The grass crop bids fair to be more than average; truit average, and corn looks well at this season. Of wheat

there is a large acreage sowed and looking The business outlook in this valley is very good. Owing to the continued rains the lumber business is exceptionally good, and owing to the good crop prospects the general trade outlook is promising. Jackson.

ity, but not in quantity. Corn is promising, omething over the average acreage. Gras excellent. Oats good. Much complaint is made about hard times among the business people, and especially among the farmers. Prices of farm produce

St. Mary's.

and stock are low.

The prospect of wheat, rye and oats was never better in our county. Corn does not ook so well in consequence of the continual wet weather. Grass will be abundant crop. Irish potatoes also look well.

Our merchants and business men are not sanguine of future summer and fall trade as they were last year. Trade is very stag-

St. George. Wheat is extra good. Corn is short. Oats very fair.

Money very scarce. Business outlook only fair

Beverly. The corn at this time, owing to the unwell. Wheat, oats and grass look well.

Prospects for a good crop are fair.

The business outlook is very good, better than usual, owing to the fact that the West Virginia Central Railroad is being built

wheat crop, still it is in no danger yet, and if weather clears up there will be good wheat crop. The outlook for corn is good.

Graduation Exercises at the Cathedral Draw Out Dr. Wall.

A VICAR GENERAL'S COMPARISON.

He Says the Little Scholars Vie With High School Finish.

THEIR REALLY CHARMING EXHIBITION

are having some business on account of the building of Monongahela Railroad, but our The closing exercises of St. Paul's school mines are not running much and there seems to be no prospects of their resuming full operations soon. commenced yesterday morning in the base-ment of the cathedral. The children will look back to this feast with unalloyed joy, Corn is backward, wheat excellent and grain and clover likewise. The frequent rains are injuring crops, but if drier weather should shortly come on everything would and the very reverend pastor and sisters, in charge, with feelings of satisfaction. Long before the appointed hour the basement was crowded by the little ones, and the parents be all right.

Business is duller this year than last.

Our merchants seem to be doing a fair business, but there is not the slightest prospect of a boom in anything. and well-wishers who had come to witness this pleasing scene. Among the clergy present were noticed the Very Rev. Dr. Wall, V. G., Pastor and the Rev. Messrs. P. Molyneux, F. Conway, V. Artorri and Oats and wheat in this section of the State are good. Corn looks well, but the Dr. MacDonald. Miss Lillie O'Brien presided at the piano and discoursed the Irish heavy rain has prevented the farmers from and American national airs during the entertainment. A most interesting and The business outlook in this county is varied programme was gone through. The Very Rev. Dr. Wall distributed the crowns

and premiums as tollows: Premium for good conduct, awarded by vote of companious in Sixth grade, to Master Edward Fisherty and Joseph Crowley: Fifth, to Maurice Martin and Edward Donahue; Fourth, James McMahon and Martin Griffin; Third, Daniel Brady and Joseph Bravender; Second, Paul Rielly and John Zweidenger; First, William Connelly and John McShane.

Crowns for good conduct, awarded by vote of companions. Ninth grade, to Miss Katie Hayes; Eighth, to Annie McShane; Seventh, Cecilia McCaffrey; Sixth, Stella Rafferty; Fifth, Nellie Denver; Fourth, Alice Yoomey; Third, Sadie McCaffrey; Second, Ethel Chaplin; First, Cecili Friel.

LIKE YOUNG CADETS.

than the usual average.

Business is dull and nothing promising in Mr. V. Reed has been drilling the boys for some time, and they gave a very good proof of their proficiency by the various maneuvers they went through, with mili-tary accuracy. These young cadets are good specimens of the doughty sons on The acreage is considered up to the average. Grass is abundant, under frequent rains, but danger is feared for the wheat from rust, unless clearer weather shall prewhom the Republic can count in the future. The calisthenics by the little girls were rerom rust, unless clearer weather shall pre-vail. A large acreage of corn is planted and bids fair for large yield, unless unfavor-able weather occurs. Prospects are for an average yield of all crops.

Trade has been quiet for several months and now seems to be slow. Merchants re-port slow collections and sales reduced. ceived with special favor. The variety of costumes and movements would remind one

of the festive scenes of the orient as painted in "Lalla Rookh." In "Grandpapa and I," Johnnie Lynch took without a sneeze a couble pinch of snuff as stoically as any grandpapa, how-ever antiquated he may be. Miss Nellie Donoghue recited "Orange and Green," with a pathos which, if imitated, would cer-rainly reported the heavy blanding of both tainly promote the happy blending of both these emblems. The little tots drank an enthusiastic toast to "Auld Lang Syne" with as exquisite a gusto, as if their memories went centuries backward. The event of the entertainment was un-

doubtedly "The Fairy Dance." Mary Cunnon was a success as Fairy Queen. The "Last Rose of Summer," "Hail Columbia," "Home, Sweet Home," "Yankee Doodle," etc., were so successfully blended in "The Patriotic Glee" as to bring down the applause of the whole house.

At the close of the entertainment the Very Rev. Dr. Wall, Vicar General, spoke from

the stage as follows: DR. WALL'S ADDRESS. MY DEAR FRIENDS-I feel that I am only

giving expression to the sentiments of you all here present when I say that this entertainment has been pre-eminently successful in every sense of the word. This great and marked sucsense of the word. This great and marked success is due entirely to the untiring energy and self-sacrificing zeal displayed by the good Sisters. You will, therefore, children, thank the Sisters for the unflagging efforts and unswerring purpose they have employed to promote your welfare. The exhibition we have witnessed to-day would do credit to any school in the city. Nay, more; by grace of gesture and proficiency in music and in song, it is equal to anything we can see in the High School.

Everything has been done by the good Sisters to develop and to mold the block of marble, Any words in favor of this system would be lost on you, since you all rightly value Christian education. To those who oppose us we have to say that had they been here to witness what has taken place, they would be edified, and perhaps enlightened. But children are not only instructed in the catechism, but in all the useful branches of knowledge.

To the boys, I would say, forget not the lessons that have been taught you. Do not forget the

that have been taught you. Do not forget the good Sisters who have made so many sacrifices in your behalf. To the girls I will say, preserve with care all the virtues of your age, sweetness modesty, pity, candor, simplicity, obedience and the love of God. Let prudence be the safeguard of all your virtues.

The very reverend Speaker concluded his address by thanking the Sisters in the name of

the parents and the children. NYM CRINKLE has written for the DIS-entitled "A Fitriation in Fire," which will be published complete in to-morrow's issue.

PARESIS!

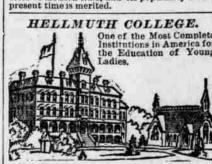

The Mysterious and Fatal Disease That is Est. ing Into the Lives and Carrying Away the Brightest Minds in the Land-An Explana

tion of What it is. One of the most prominent physicians in New York, who has just been interviewed on this subject, which is at this moment attracting so much attention and being so talked about,

"What is Paresis? It is consumption of the nerves and brain. What causes it? Overwork THE TREMONT.

"What is Paresis? It is consumption of the nerves and brain. What causes it? Overwork, excitement, indulgence, high living and dissipation in all its forms. The man whose hand trembles as he lifts his glass of wine has the sure symptoms of Paresis. The woman who feels a sinking sensation in the midst of her social cares is entertaining an unwelcome guest—none other than the demon Paresis.

"But there are other ways by which it may be known. Here are a few: Inability to remember and place some familiar face, a pain or tightness in the head, specially across the eyes or base of the brain, frequent watering of the eyes, absentmindedness, desire to sleep but impossibility to doe, a finshed face one day and a nale one the naxt, special redness of the face or eyes." The above named symptoms, all of which indicate the presence of the terrible Paresis, are not imaginary, but the solem truth, which the growth of our already overcrowded madhouses and increase of our temeteries only too painfully attest. There are men to-day high in professional life who are going, going quietly, surely, and yet without knowing it, into this horrible maelstrom. Indeed, it is blighting the city in its silent, yet releatless way, worse than the plague. There was once before a great evil in New York, and its chief cause said: "What are you going to do about it?" But the people arose and threw it off. The same thing must be done with Paresis. How? First, adopt the right manner of living and then carefully treat it by the only known discovery for Paresis which has ever been found. Paine's Celery Compound will prevent, will cure it. This great remedy is the discovery of the late Prof. Phelps, of Dartmouth College, which is in itself a sufficient guarantee of its purity, while its power is admitted both by the medical profession and the best scientists. It is certainly one of the most important discoveries of modern time, and its popularity at the present time is merited.

MAPLEWOO

From 1 to 6 P. M. BILE POISONED BLOOD.

SPECIAL SALE ON THE GROUNDS TO-DAY.

Nearly every one is occasionally troubled with bilious attacks, more especially in the spring months, after the system has been surfeited with hearty food during the winter. The action of the Liver is interfered with, causing an overflow of bile into the blood. The blood carries this bile into every part of the system, causing yellow skin, yellow eyes, liver spots, etc., and often serious cases of bilious fever originate from this bile poisoned blood. A few doses of Burdock Blood Bitters, taken on appearance of bilious symptoms, will remove them and protect the system from a probable

spring from overwork that my husband urged me to see a doctor. I was scarcely able to stand and concluded to try B. B. Bitters first; the first bottle is not yet finished, but I can go about my work with pleasure already. I shall take another bottle.

other bottle.

MRS. JOHN DONNELLY,
care of EDWARD DOOLEY,
15 Lyman Street, Springfield,

Run Down in the Spring.

I am using Burdock Blood Bitters for Sick Headache and Billousness. It is the best medicine I ever took. I was so run down this BLOOD BITTERS

B. B., which will correct the clogged condition of the Liver, cleanse the blood of all impurities and tone up the entire system. It 4s an acknowledged fact by all who have used BURDOCK BLOOD BITTERS THAT ONE BOTTLE CONTAINS MORE CURATIVE PROPERTIES THAN GALLONS OF ANY OTHER MEDICINE KNOWN.

A Horrible Condition.

I was in a horrible condition from dyspepsia and a combination of other complaints. In the morning when I got out of bed it seemed as if I could not stand up on account of dizziness. Hearing Burdock Blood Bitters high-lyrecommended, I am now using the first bottle, and, although not having used quite a full bottle, the dizziness has entirely disappeared and I am much better of my other complaints. I have tried many other medicines, with no relief.

MRS. MARY CHAUNCEY, 525 E. Ransom st., Kalamazoo, Mich.

I had been troubled with Liver Complaint, Indigestion and Palpitation of the Heart for five or six years and could get nothing to do me any good until I tried B. B. B. I used B bottles and now I am a sound man. I feel better than I ever did in my life. My digestion became all right and I have no more trouble with my heart. I feel very grateful toward B. B. B. and feel like recommending it everywhere. Yours respectfully, Frank Hickman, New Straitsville, Porry Co., Ohio.

Clogged Liver and Cleanse Blood.

BOTTLE Will Relieve

Mass. I tell you for the benefit of others what Burdock Blood Bitters has done for me. I have been a sufferer for years from Liver Complaint and weak stomach. At times I was so bad that I would have been a suffered for years from Liver Complaint and weak stomach. At times I was so bad that I would have been a family physician for times I was so bud that I would apply to our family physician for relief, which would be but temporary. Last fall had an unusually bad spell. My mother bought a bottle of Burdock Blood Bitters, and it gave me great relief. It helped me more than anything I have ever taken. It is also excellent for constipation. Mrs. Lizzie Grubs, Ickesburg, Perry Co., Pa. Last spring my health became very poor. I had no appetite and my liver troubled me. I used several medicines, but obtained no relief until I was finally persuaded to try Burdock Blood Bitters. This medicines cured me.
